PROFESSIONAL SUMMARY

Versatile and detail-oriented Full-Stack Web Developer with over 2 years of experience building and managing scalable web applications using the MEAN stack (MongoDB, Express.js, Angular, Node.js), WordPress, and other modern technologies. Proficient in developing responsive, high-performance solutions with a strong grasp of UX/UI design, DevOps principles, and SEO optimization. Adept at delivering cross-platform digital experiences through agile workflows, analytics, and collaboration with cross-functional teams.

EDUCATION

EDUCATION & CERTIFICATIONS - B.Sc. in Web Development – Bellevue University (Expected 2025) - Software Engineering Certificate – Decagon Institute (2018 – 2019)
B.A. – University of Lagos (2014 – 2018)

PROFESSIONAL EXPERIENCE

Freelance Web Manager & Full-Stack Developer

Freelancer | Remote | 2025

- Designed and deployed full-stack web applications using the MEAN stack and RESTful APIs.
- Built and maintained dynamic WordPress websites and landing pages for SMEs and personal brands.
- Integrated payment gateways, CMS, and CRM systems for enhanced user engagement.
- Improved site speed, accessibility, and SEO rankings through audits and optimization.
- Developed backend features with Node.js, Express.js, and MongoDB, including secure authentication and database modeling.
- Set up DevOps pipelines for streamlined deployments with Git and CI/CD tools.
- Managed client communications, project documentation, and cross-functional collaboration.

Freelance Software Development consultant/mentor

Codementor | Remote | *August 2024 - July 2025*

- Delivered personalized, real-time coding support to junior and mid-level developers through live sessions, chat-based guidance, and code reviews.
- Walked developers through project architecture decisions, explaining trade-offs between frameworks, databases, and hosting solutions.
- Diagnosed and resolved bugs in frontend and backend applications, helping mentees understand the root cause and avoid future pitfalls.
- Reviewed full-stack project codebases for quality, performance, security, and adherence to best practices.

Web Content Specialist & WordPress Developer

TACTARN | Lagos, NG | *May 2022 – June 2024*

- Developed and maintained multiple websites using WordPress, HTML and CSS for theme customization and styling
- Edited and optimized WordPress themes using HTML, CSS, and JavaScript, leveraging Advanced Custom Fields (ACF) and page builders such as Elementor and WPBakery.

- Applied accessibility best practices using tools like WAVE to ensure compliance and inclusive design.
- Collaborated with designers on Figma and Canva to create responsive, visually appealing layouts.
- Managed content migration, QA testing, and CRM integrations for improved user engagement.
- Optimized site performance, SEO, and user experience through analytics insights, on-page SEO techniques, and A/B testing.
- Led mobile-first redesign projects with strong emphasis on accessibility and usability across devices.
